

King's Kids Regathering Guidelines

Before you arrive

Child Health Screening

In keeping with our Crossroads Kids regathering guidelines, we ask parents to walk through a list of screening questions before bringing their child(ren) to King's Kids rehearsal. The COVID-19 child screening tool (adapted from the Indiana State Department of Health) is attached. If you answer YES to any of the screening questions, we ask that your child(ren) join us for rehearsal via Zoom.

Safety Precautions

Temperature Checks

A temperature check will be done for every person participating in King's Kids, including students and adult volunteers. Only those who have a temperature lower than 99.6 may attend King's Kids rehearsal. If anyone has a temperature reading 99.6 or higher, we ask that he/she join us for rehearsal via Zoom.

Masks

Based on the preliminary recommendations from the International Performing Arts Aerosol Study, we ask that King's Kids students and volunteers wear well-fitting masks for rehearsal. The study shows that wearing masks significantly reduces the spread of aerosol produced while singing, and therefore minimizes the risk of spreading COVID-19. Well-fitting masks cover the nose, are snug around the edges, and have no gaps.

Water Bottles

We encourage each child to bring his/her own water bottle, as drinking fountains are currently closed.

Cleaning and Sanitation

Our rehearsal space will be thoroughly sanitized before each rehearsal. The sanitation process will include wiping down surfaces, door handles, and furniture. Hand sanitizer will be available at the check-in station.

Worship Night

Our focus this semester will be preparing music and creative elements for a student-led Worship Night. King's Kids will be spread out on the Worship Center stage, no closer than 6' from another student. All participants will wear masks while singing and leading worship as an ensemble. Individual soloists and speakers will be permitted to unmask while at the microphones. Family, friends, and church members who attend Worship Night will need to RSVP in advance. If we are able to secure the appropriate copyright permissions, we will livestream our Worship Night.

In Rehearsals

We will rehearse in the Chapel. If weather and daylight permit, we may move rehearsals outdoors later in the semester. Each student will have an assigned seat, no closer than 6' from another student. (Students within the same family may be grouped together.) Students should not leave their assigned seats unless instructed to do so by an adult volunteer. Both students and volunteers will wear masks for rehearsal.

We will offer a simultaneous virtual rehearsal via Zoom for any family that is uncomfortable attending in-person rehearsals or for anyone who is under quarantine.

Check-in & Check-out

Check-in

- Parents/Guardians should walk their child(ren) into the building using the Main Entrance. Please limit the number of adults entering the building to one per family.
- Approach the check-in table outside the Chapel doors, and our leaders will take temperatures, mark attendance, and give name tags.
- Following check-in, King's Kids will proceed into the Chapel (or through the Chapel to the outdoor patio area) and find their assigned seat.
- We ask parents/guardians and non-King's Kids siblings to leave the building during rehearsal.

Check-out

- Parents should re-enter the building, starting at 5:40 PM, and form a line in the Atrium starting at the Chapel doors. Please maintain 6' spacing. A volunteer will check each parent's/guardian's ID and match the name to the child's approved pick-up list.
- At the conclusion of rehearsal, King's Kids will be called one-at-a-time to meet their parents outside the Chapel. Families will exit the building through the Family Entrance/Exit.
